About the Exhibition

VINAMAC EXPO 2026, International Exhibition on Industrial Machinery, Equipment, Technology and Products. VINAMAC EXPO is one of Vietnam's established international exhibitions covering industrial machinery, equipment, technology, metalworking, welding, automation and industrial products. The 23rd edition of VINAMAC is positioned as a major international platform connecting Vietnamese and international manufacturers, technology providers, distributors, importers and industrial buyers.

The exhibition will provide Indian engineering companies with an opportunity to showcase their products, identify Vietnamese buyers and distributors, develop business partnerships, explore technology collaborations and strengthen their presence in Vietnam and the wider ASEAN market. The organisers have planned Automation Day, smart-factory/green-production discussions, international business matching, factory visits, welding technology activities, and a Robotics & AI seminar. This is excellent material for convincing members that this is a business-generation event, not simply a display event.

Why Vietnam/Why VINAMAC?

Vietnam's expanding manufacturing base, rising industrial investment, growing demand for automation and production technologies, and rapidly expanding India–Vietnam trade provide a compelling business case for Indian engineering companies to participate in VINAMAC EXPO 2026. Indian companies looking to enter or expand in Vietnam, identify distributors and buyers, develop OEM relationships, promote industrial technologies or explore ASEAN opportunities are strongly encouraged to participate in the India Pavilion at VINAMAC EXPO 2026.

Concurrent Exhibitions

One of the major advantages of VINAMAC EXPO is the presence of several specialised exhibitions under the same roof. The 2026 edition will be held concurrently with:

VECA: Control, Automation & Industrial Equipment

METAL & WELD: Metalworking & Welding Technology

ISME: Steel and Metalworking

HMEE: Hardware, Machinery and Engineering Equipment

VINAMBC: Electric Motors, Bearings, Surface Treatment and related industrial products

Key Highlights of Vinamac Expo 2025

VINAMAC EXPO 2025 brought together companies from more than 15 countries and territories, including India, China, Japan, Korea, Singapore, Thailand, Malaysia, Russia, Taiwan, Hong Kong and others.

India was among the participating countries, with EEPC India organising an India Pavilion. VINAMAC's international organising partners also included EEPC India. EEPC India's participation in 2025 also received the support of the Consulate General of India in Ho Chi Minh City, which organised an interactive session for Indian exhibitors, providing useful insights into the Vietnamese market, business environment and opportunities.

The event featured approximately:

- *1,050 exhibition booths*
- *800 participating enterprises*
- *15+ countries and territories*

Product Profile

● MACHINERY, EQUIPMENT, INDUSTRIAL PRODUCTS:

Machinery, production lines, means of transport, warehouse transportation equipment, construction machinery, construction machinery, packaging machinery, agricultural machinery, gardening machinery and tools, air compressors, pressure gauges, refrigeration system motors, industrial valves, bearings

● CONTROL AND AUTOMATION TECHNOLOGY:

Human-machine interface; Actuator sensors, Comprehensive integrated automation systems; Modeling and simulation of production processes; Process control; Laboratory automation; Intelligent measurement systems; Measurement and control networks; Automation software; Microprocessors; Power electronics, New energy, Intelligent control systems

● WELDING AND CUTTING EQUIPMENT, TECHNOLOGY, MATERIALS:

Welding and cutting technology equipment, welding and cutting components, Metal processing, Machinery for manufacturing and processing bolts, nuts, screws, rivets, flat washers; TIG welding machines, MIG welding machines, electric welding machines, welding masks, ultrasonic equipment for the welding industry; Plasma cutting machine, laser cutting machine, CNC cutting machine, Laser cutting engraving machine

● MECHANICAL AND ELECTRICAL TOOLS HARDWARE:

Pumps, air compressors, electric motors, generators

● HAND TOOLS AND EQUIPMENT:

Manual tools, electric tools, pneumatic tools, industrial tools, car maintenance tools, garden tools, cutting tools and labor protection products and accompanying equipment and accessories

● SCREW TECHNOLOGY AND ACCESSORIES:

Screws, nail mesh, pipe connection accessories and screw manufacturing equipment

● STEEL MACHINERY, EQUIPMENT, TECHNOLOGY AND TECHNIQUES:

Steel Production technology, press brake, steel rolling machine, plate rolling machine, rolling rack, rolling shaft, steel alloy production equipment and techniques, metal reprocessing, heat treatment of metal, metal automation equipment and techniques, chain processing, supporting industry steel

● METALLURGICAL EQUIPMENT AND TECHNIQUES:

Metallurgical Products, metallurgical chemical products, metallurgical furnaces, industrial lubricants, industrial gases, equipment for processing metallurgical raw materials (minerals, coal and other auxiliary materials), castings, welding equipment
