AWARENESS PROGRAM

Session I

**“Automation for Engineering Manufacturing” by
Ministry of Heavy Industries, GOI**

Session II

CAPACITY BUILDING PROGRAM

“International Trade & Marketing”

16th December 2022, Friday

Time: 10:00 am to 06:00 pm (with working Lunch & Hi-Tea)

Venue: Sunville Banquets, Worli, Mumbai

Dear Sir/Madam,

EEPC INDIA invites all for Awareness and Capacity Building Program on “Automation for Engineering Manufacturing & How to find Overseas Buyers and available benefits for Export Promotion” in Mumbai on 16th December 2022 as per the following details:

SESSION – I - “Automation for Engineering Manufacturing”

<p>Details (Experts from IITs and industry speakers are invited to address the session)</p>	<p>: Ministry of Heavy Industries, Government of India is organizing a Physical Awareness Program on “Automation for Engineering Manufacturing”.</p> <p>Automation for engineering manufacturing is the use of equipment to automate systems or production processes. The end goal is to drive greater efficiency by either increasing production capacity or reducing costs, often both. Automation has become known more as using machines to reduce work performed by humans.</p> <p>The use of automation in the manufacturing industry can support the continuous drive for greater throughput, surged productivity and reduced operating costs. Integrating automated processes into your operations empowers your business by allocating the know-how of your workers to more necessary tasks.</p> <p>Key Takeaways:</p> <ul style="list-style-type: none"> • Create awareness about the institutes under Ministry of Heavy Industries which offers such technologies • Understand government policies and incentives for automation for MSME units.(Cost reducing techniques for MSME’s through Automation) • Introduce the concepts of Smart Manufacturing to MSME units • Opportunities and challenges for implementation of Industry 4.0 to MSME industries
