

India Pavilion at **MACH & TOOLS SAUDI** **& GULF 4P 2025**

8 – 11 December 2025, Dhahran, Saudi Arabia

About the Exhibition

The 2nd International Exhibition for Industrial Machinery, Tools & Equipment for Saudi Arabia will serve as an ideal B2B platform for global manufacturers and suppliers to showcase their latest products, technologies and innovations and to meet with affluent potential business partners across Saudi Arabia and GCC region. Co-located with Gulf 4P, this 2-in-1 show will provide visitors with a comprehensive look in these inter-connected industries, giving them a holistic understanding of the latest technologies and innovations in the manufacturing sector, in an immersive environment, creating synergies and revealing a range of possibilities that will change the future of industrial success. Gulf 4P 2025 will feature the latest products and technologies in the industry, allowing exhibitors to present their innovations to a targeted audience of decision-makers. Dhahran International Exhibition Centre (DIEC), located in Saudi Arabia's Eastern business hub, is a modern venue with advanced facilities. Its proximity to GCC countries makes it ideal for international exhibitions, attracting visitors from the UAE, Kuwait, Bahrain, Qatar, and beyond.

Why Saudi Arabia?

Saudi Arabia is at the forefront of an exciting economic transformation, blending traditional strengths with futuristic ambitions, and the Kingdom's industrial and manufacturing landscape is set for a remarkable expansion. The country is aiming to triple its number of factories from its currently number of 10,000 to a staggering 36,000 by 2035. Even more impressive, 4,000 of these facilities are slated to be fully automated, marking a significant leap into Industry 4.0.

The Saudi Arabia's industrial machinery and equipment market is projected to grow by 4.72% (2023-2028), reaching a market volume of US\$ 4.16 billion in 2028. The Kingdom's machinery industry is set for expansion, with a \$26 billion investment from the National Industrial Development Centre and the ambitious goal of tripling GDP within the industrial sector under Vision 2030.

In the realm of manufacturing, Saudi Arabia's industrial production grew by 5% year-on-year in October 2024, marking the fastest pace in four consecutive months of growth. This surge was driven by a remarkable 12.4% increase in manufacturing activity. The Kingdom's Advanced Manufacturing Hub Strategy has identified more than 800 investment opportunities totaling \$273 billion, all aimed at diversifying the industrial sector. This ambitious plan aligns with Saudi Arabia's vision to transform its economic landscape.
